## A BILL FOR

An Act to amend sub-section twenty-five (25) of Section sixty-two hundred eleven (6211) of the Code of Iowa, 1939, relating to levy of taxes for maintenance, operation and improvement of playgrounds or swimming pools.

*Be It Enacted by the General Assembly of the State of Iowa:*

1     Section 1. Sub-section twenty-five (25) of section  
 2     sixty-two hundred eleven (6211) of the Code of Iowa, 1939,  
 3     is hereby amended by adding thereto the following: "In  
 4     cities acting under special charter, having established  
 5     boards of park commissioners, which boards of park  
 6     commissioners carry on an active recreational or playground  
 7     program as a part of their public functions, such tax shall  
 8     be at the rate of not to exceed one mill annually, to  
 9     be levied in the same manner as and in addition to the levy  
 10    otherwise authorized by law for general park purposes."

### EXPLANATION OF H. F. 91

The effect of this bill is to authorize special charter cities, only, in which park commissions carry on the recreational program, to levy, on certificate of such commission, up to one mill, in addition to other levies, for park purposes. Other cities already have authority to levy a tax for recreation and playground purposes.
